VISIT OUR RESTAURANTS AND BAR

At x-bionic® sphere, ordinary dining turns into a true culinary experience. Choose from an imaginative menu and different catering concepts.

x-bionic® sphere has four restaurants, each with their own concept. Olym-Pick is a buffet-style restaurant serving breakfast and also offering a wide selection of food and beverages during the day. APANI® restaurant offers a menu of healthy Japanese specialities prepared by experienced chefs. You will be pleasantly surprised by the atmosphere at Farrier's Steak House, an equestrian restaurant whose stylish rustic interior features an original Tuscan oven and bar stools shaped like horse saddles. Golden Garden is x-bionic® sphere's own experiential restaurant, regularly organising special presentations by major chefs from around the world along with tastings from a selected menu.

Besides the restaurants, x-bionic® sphere has a bar and café. Located in the hotel foyer, X-Bar is the perfect place to enjoy a cup of coffee and fresh homemade desserts. At Legends' Bar, you can order from a number of alcoholic beverages and soft drinks, play pool, go bowling or enjoy a smoke in the cigar room.

SPORTS CLUBS AT X-BIONIC® SPHERE

The philosophy of x-bionic® sphere as an Olympic training centre is to get children of various ages to try as many sports disciplines as possible and later decide which one is the right one for them.

The structure and functioning of sports clubs under a common umbrella are based on the x-bionic® sphere' vision as a whole. The multi-sports resort meets the highest standards of individual sports, but the day-to-day life throughout the entire year is focused on the sporting development of young people and the public. This mission is fulfilled daily by our coaches in the sporting and personal development of athletes in our clubs.

Eliminating sports illiteracy is only the first step, our motto is to impart the sporting principles of fair-play and systematic work to every athlete. The goal of this work is to build a sports family of professional athletes who will be able to compete globally. A sports family that will consist of thousands of people, for whom sports and its values will be an integral part, will be associated with the x-bionic® sphere brand and its supporters.

The following clubs have been included in our sports family and other sports will join them in 2020:

PART OF X-BIONIC® SPHERE

QSI International School of Bratislava opened in September 1994 as a private, nonprofit school offering a full educational program in the English language to students in the Early Childhood Program through Secondary graduation. The student body currently represents over 30 nations from the diplomatic community, the international business community, the greater international community and Slovak families. Students graduate fully prepared to attend colleges and universities in the United States, Canada, the United Kingdom, continental Europe, and other countries across the globe.

In 2018, the school moved to new purpose-built facilities located in Samorin. The school provides complimentary bus service from 10+ locations in and around Bratislava. The Elementary campus & Early Childhood Center is opposite the new X-Bionic Sphere (XBS) Resort, while the Middle & Secondary School campus is located directly on the XBS Resort.

Materials and equipment are up to date and of the highest quality. Class sizes are small. Most of the faculty members are North Americans, with some teachers from the United Kingdom, France, Serbia, the Philippines, Greece, Brazil, Benin, Spain, Ecuador, and Slovakia. Twenty-six full-time faculty members are native English speakers, and all teachers are fluent in English. Teachers are certified by their respective nations and are experienced in international education.

The School is managed by Quality Schools International (QSI). QSI is a nonprofit organization of 37 international schools. QSI International School of Bratislava benefits from the unique opportunities afforded by this organized network of schools with nearly three decades of proven performance.

NATURAL HERITAGE AND SUSTAINABLE ENERGY

Sustainability is one of the most important principles respected by x-bionic® sphere. Therefore, the entire resort is supplied with a green cogenerative biogas power plant. Corn harvested on 600 hectares of soil produces 1 megawatt of green electricity and 1.5 megawatts of thermal energy, mostly used by the x-bionic® aquatic sphere and X-BIONIC® HOTEL. In addition to the corn silage, the power plant is also supplied with biological waste, for example mown grass that grows within the resort area. This is exactly what moves us into a modern sphere of standardised waste management.

x-bionic® sphere benefits also from another cogenerative natural gas unit that provides an extra additional one megawatt of electricity and thermal energy. These two energy sources fully cover the needs of the resort. The resort also draws mineral water from a depth of 1,400 metres using a well located on the site. This mineral water source has a certificate from the Ministry of Health of the Slovak Republic and gushes forth at a speed of 8.7 litres per second and thus contributes an additional 1.5 megawatts of thermal energy. We believe that sports and environmental care should be a part of the everyday life of each one of us, and therefore the message that we are trying to pass on goes beyond the European standards.

THE HEALING WATERS OF SLOVAKIA'S THERMAL SPRINGS

Slovakia is rich in deep underground springs with varying thermal and mineral properties. Spas in Slovakia enjoy a long and highly-regarded reputation. Each year thousands of foreigners travel to Piešťany, Trenčianske Teplice or Bardejov and many of them return annually, some for twenty or more times, to receive special treatments with various kinds of mineral waters, mud, or just to enjoy the wide range of wellness procedures offered.

Our thermal spring FGČ-1 was drilled in 1978 and recognized as a natural healing spring in 1984. The average total mineralization is around 7890 mg/liter with a pH 7,5 (which is slightly alkaline) and the average surface temperature of the water reaches 51,2 °C .

With its unique chemical composition, temperature and healing effects, it is one of the most significant natural healing waters in Europe. The healing effects of the water are advised to be used when treating damaged or weakened musculoskeletal system, post-operative conditions, recondition and general revitalization of the organism.

EVENTS ORGANISED

An aerial photograph of a large equestrian complex, likely a riding school or event venue. The complex features several large, rectangular buildings with dark roofs, possibly stables or event halls, arranged in a row. In the foreground and middle ground, there are several large, circular or oval arenas, some of which appear to be covered with sand or a similar material. The arenas are surrounded by green grass and are enclosed by low fences. In the background, there is a dense line of trees. The overall scene is captured in a dark, low-key lighting, possibly during dusk or dawn, which gives the image a dramatic and somewhat somber atmosphere. The text 'EVENTS ORGANISED' is overlaid in the center of the image in a large, white, sans-serif font.

Each race consists of a 2km swim, 80km bike and an 18km run. The largest Prize Purse in the triathlon sport's history \$1,500,000. Broadcasted in 56 countries in the world in 21 different languages.

Belinda Granger, Australian multiple Ironman champion
Pro liaison for Challenge Family

„The Collins Cup was a triathlon extravaganza like no other I've ever been a part of. To have all of the world's best triathletes under the one roof in one of the most incredible sporting venues I've ever seen, was pure heaven for any fan of the sport“

Jan Frodeno, German triathlete
PTO's current world rank nr. 1

„We did not come to Slovakia to fight for financial reward, but to gain prestige. It will be a proper ride. It will not be the performances of individuals that will decide, but the tactics of the whole team. Everyone will go at full throttle. The goal of our European team in this amazing Šamorín area is to win. There are great conditions for triathlon.“

Global Champions League unites top riders from different countries to compete on the same team ensuring electrifying competitions over a Championship season. The ground-breaking concept delivers fascinating tactical battles and fierce rivalries within teams in 15 stunning venues around globe.

Henrik Von Eckermann, Swedish Olympic show jumping rider

Gold team medalist in the 2020 Olympics in Tokyo and placed 4th in the individual competition

“Yeah, they couldn’t find a better place for Longines Global Champions Tour. When I heard they changed it to this I was really happy about it because I know the place since before and it’s perfect place to have a good show.”

Denis Monticolo, Director of LGCT

Director of LGCT

„We are very happy that the Longines Global Champions Tour is being organized for the first time here in Šamorín. This is not the first time we have organized a big event here. In the last four years, we have organized several international events - 5 star events or even European Championships. This year we logically wanted to promote it to the Global Champions Tour.“

CHALLENGE SAMORIN THE CHAMPIONSHIP

Regular event in x-bionic® sphere which we hosted for the 4th time and we are proud to host it each year until 2030. The World Triathlon Championship under the Challenge Family heading. One of the world's most prestigious triathlon races is a challenge even for the best professionals. Triathlon consists of 1.9 km swimming, 90 km cycling and 21.1 km running and the athletes must qualify for it during the year. However, the rich accompanying programme brings the opportunity to try triathlon even over shorter distances. The event also includes an attractive programme for families with children, a lot of stalls with products and activities for the athletes and public, as well as unique gastro zone. The greatest stars of the event are traditionally Lucy Charles-Barclay, Anne Haug, Sebastian Kienle, Florian Angert, Marcus Ditlev, Lucy Hall, the domestic audience is mostly attracted by the racers Richard Varga, Filip Šebo and Ondrej Kubo.

Filip Šebo, Slovakia
Triathlete

“I see the Šamorín Challenge as the closest to my heart, as it belongs to my most favourite races of all. It is located in a matchless surrounding, where all 3 disciplines are exceptional. Together with volunteers, fans and organisers, it creates a real sporting atmosphere, which I look forward to every year and which helps me to improve my maximum.”

„At the end of July 2021, we had the opportunity to host the Farrier's Arena Polo Cup here at the x-bionic sphere. Polo players from Argentina, Colombia, Austria, Hungary and, of course, Slovakia met in this exceptional place. The reactions of the players themselves, but especially the guests, who could see the polo arena in x-bionic equestor sphere for the first time, were the most beautiful experience for me. The premises of the complex and the professional approach of the staff provided us with maximum comfort and thus enhanced the amazing emotion of the experience of all involved.”

X-BIONIC® SUMMER TOUR 2019

PRESENTED BY ENERGOCHEMICA
16 JULY – 4 AUGUST 2019

The third annual X-BIONIC® SUMMER TOUR, which takes place every year in one of the most beautiful resorts in Europe, once again offered a unique atmosphere and equestrian sport elegance. The three-week programme brought a lovely sports experience, a range of international and amateur races, but also special competitions for young horses, children, juniors and young horse riders. We supplemented the show jumping race with other disciplines – endurance riding and four-horse hitch – that provided a unique and dramatic show. Award-winning positions included 18 categories of the Longines ranking chart and the total prize money during the X-BIONIC® SUMMER TOUR 2019 amounted to EUR 850,000.

Every year we are pleased by the participation of the equestrian elite from all over the world. Exceptional competition and training conditions in combination with the number of services offered at our resort create a perfect place for professional athletes.

Kent Farrington, USA

“There are not many places like this in the world. I am glad that they are interested in our sport and looking forward to what they prepare for the future.”

Jessica Springsteen, USA

“This place is just amazing! I mean, I had heard many good things before I came here so I was really excited to come and this complex definitely lives up to its expectations. I am really grateful to be here this week.”

FEI JUMPING NATIONS CUP™ YOUTH

1 – 4 AUGUST 2019

x-bionic® sphere hosted the FEI Nations Cup for children, youth, young riders and pony riders. The x-bionic® equestor sphere area offered a chance for talents from all over the world to show themselves at an international level. This event gives the opportunity to young equestrian talents to cooperate in a series of team races, and thus supports personal growth and collaboration in order to achieve a collective national pride.

Anthony Philippaerts, Belgium

Rider, 8th place within the Kids Individual Racing Category

“I really enjoyed the race and I am glad to win the wonderful silver medal. We could have won gold, but silver is also nice, not everybody can have a medal. The x-bionic® sphere arena is really beautiful and the atmosphere there is motivating. There was really a lot of people who cheered us up and the chanting after a mistake-free round make your experience even better. Goofy was amazing and I am really proud of her.”

Ludovica Goess-Saurau

Female Rider, 4* Level

“This is one of my favourite places and I am always happy to come back here. The horse arenas are amazing, the stables are always very well prepared and your food is excellent.”

LONGINES
FEI
JUMPING
NATIONS CUP™
SLOVAKIA

One of the most prestigious equestrian events in the world, The Nations Cup™ First Division, took place in Slovakia. Moreover, it was for the very first time that a 5* competition in parkour jumping was held in Slovakia. The Longines FEI Jumping Nations Cup™ is the biggest and the oldest event in the equestrian world. It consists of thirteen qualification competitions taking place on three continents. The Longines 2018 FEI Jumping Nations Cup™ Slovakia brought a weekend full of first-class sports event, as well as the ultimate experience for six hundred horses and their riders.

Steve Guerdat, Switzerland

FEI™ WORLD ENDURANCE CHAMPIONSHIP ŠAMORÍN YH

29 SEPTEMBER 2018

FEI
ENDURANCE
WORLD
CHAMPIONSHIP
ŠAMORÍN
2018
YOUNG HORSES

It was a great honour for us to host the young horses FEI™ World Endurance Championship already for the second time, with 47 horse riders competing on a 120-km long track along the Danube in four rounds – 36, 36, 30 and 18 km. Mohammed Al Abbar (UAE) was the first one to reach the finish line with only the tiniest lead over Khalid Al Nuami (QAT).

ARABIAN HORSE FESTIVAL

The Arabian Horse Festival is a new event concept aimed at supporting Arabian horse breeders. The combination of a fitness test and a veterinary inspection will examine the future of young horses, with a special award for the Best Fitness and Fastest Recovery Time. These rules guarantee the best conditions for horses, while allowing horses with great potential to show what they are made of.

Lucia Supeková, Slovakia

Endurance Rider, 6th Place at FEI World Endurance Championship

“It was an amazing race and a special feeling when I was approaching the finish hand in hand with my daughter Michaela. We travel around the world to race, but Šamorín and x-bionic® sphere are home for us. The best races are organised directly here, at our home, and we simply love it here.”

LONGINES FEI WORLD ENDURANCE CHAMPIONSHIPS 2016

15 – 18 SEPTEMBER 2016

The best endurance teams from all around the world with 133 horse riders from 45 countries came to Šamorín to take on the challenge on a 160-km track. The event was launched by successful horse riders such as Jaime Puntí Dachs and Dubai Crown Prince H.H. Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum.

The spectacular ceremonies, which opened and closed the World Endurance Championships, presented the individual teams and celebrated the victories. Both ceremonies were held in the indoor riding hall, not missing the exceptional atmosphere and unforgettable show.

WORLD ENDURANCE CHAMPIONSHIP FOR YOUNG HORSES

SEPTEMBER 2014

The FEI World Endurance Championships for Young Horses 2014, held in Slovakia for the first time, boasted one of the highest completion rates for a seven-year-old horse Endurance competition on a day of extraordinary sport. From a total of 44 combinations, 20 successfully finished the challenging ride, with the UAE's Mansour Saeed Mohd Al Faresi securing gold with Tiswan Fageole, completing the course in a time of 05:47:29. French riders filled second, third and fourth places.

Breaking with tradition, this event saw a change from the unusual format, with a linear route for three legs and then two final loops on the 120-kilometre track, which included steep, stony going over the initial stages and fast straights in the closing stages.

Athletes from 15 nations – Argentina, Austria, Bulgaria, Croatia, Czech Republic, Spain, Estonia, France, Germany, Italy, Poland, Portugal, Slovakia, Sweden and the UAE – crossed the start line at 08.00 on Saturday morning.

EUROPEAN ENDURANCE CHAMPIONSHIP 2015 SEPTEMBER 2015

It was a great honour for us to host the young horses FEI™ World Endurance Championship already for the second time, with 47 horse riders competing on a 120-km long track along the Danube in four rounds – 36, 36, 30 and 18 km. Mohammed Al Abbar (UAE) was the first one to reach the finish line with only the tiniest lead over Khalid Al Nuami (QAT).

The whole event of the Endurance European Championship in HIPPO-ARENA Šamorín started by a grandiose opening ceremony. Representatives of 21 countries were introduced and together with the guests watched the parade – the show of a Spanish horse whisperer Santi Serra, the performance of folk group Čarovné ostrohy or the Tron Dance LED Show. The Slovak team achieved a historical success on the home field during the Endurance European Championships that were held from 11th to 13th September 2015 in ELEMENTS RESORT's HIPPO-ARENA Šamorín. Our representing team consisting of Mario Hoffmann / with Sonic de Villaformiu, Petra Hubáčová / Ocaz, Katarína Roux-Safránová / Naffa de Lap and Feras Boulbol / Musafér have fought for a historical success. We have gained a great 5th place with 12 rivalling teams, meanwhile the Spanish team became victorious. Spanish Jaume Puntí Dachs won the individual discipline and defended his European Champion title from Most, acquired two years ago.

SAMORIN (SVK) 2019

FINA

28 AUGUST – 1 SEPTEMBER 2019

In 2019, the x-bionic® sphere resort became the venue for the very first World Youth Artistic Swimming Championship. This exceptional five-day event offered a great opportunity for the sport's best rising stars to present themselves and some of them could even move closer towards the 2020 Olympic Games in Tokyo. A total of 332 swimmers from 35 countries around the world could enjoy the perfect service and first-class conditions of the whole resort.

Lisa Schott, Canada

Chief Referee of the FINA World Series and Technical Delegate

“The premises and equipment are some of the best in the world! The organisers are amazing. I am delighted! Thanks for the generous hospitality and support during this unique celebration of artistic swimming, accompanied by the real values of sports and fair play.”

Jana McDonnell, Slovakia

SR Artistic Swimming Representation Manager

“A major advantage is that the athletes, coaches and referees don't have to travel anywhere during the day, as everything is in one place. Tired and exhausted athletes are in a restaurant in a few minutes and in the next few minutes in their room, where they manage to regenerate. This was appreciated by all representations, but also by leading FINA representatives. From the food and accommodation to excellent training and racing conditions, this area is an ideal venue to organise a world-class sports event.”

EUROPEAN CROSS-COUNTRY CHAMPIONSHIP

10. DECEMBER 2017

In 2017, the town of Šamorín was honoured to host such an important event as the SPAR European Cross Country Championship, which took place at the x-bionic® sphere resort and earned an audience ovation. The event had an exciting atmosphere of tight finishes at the finish line, showing the power and dominance of the racers. Many spectators came to the event and they were not discouraged by either cold wind nor intensive sun.

Svein Arne Hansen, Norway
European Athletics Federation President

“I can honestly say that I have never been to such a fantastic place as this. This was a great championship!”
